URBAN ETHNIC WEAR

I think there is beauty in everything.
What 'normal' people perceive as ugly,
I can usually see something of beauty in it.

The best things in life are free. The second best are very expensive.

Luxury is the ease
of a Gaun in a very expensive dress.

Elegance is not standing out, but being remembered.

I make clothes, women make fashion.

4016

Fashion you can buy, but style you possess.
The key to style is learning who you are, which takes years.
There's no how-to road map to style. It's about self expression and, above all, attitude.

4013

What's my style is not your style, and I don't see how you can define it.
I'm something that expresses who you are in your
own way.
