WOMAN ON THE FOCUS

is a history of people. During the past centuries, it was the craftsmen and designers that laid the foundations of the Indian fashion industry, we know today. The elegance of women has inspired countless designers, the creation of ready-to-wear clothing, bags, footwear, window treatments, lifestyle brands, fashion shows, marketing and even promotion of individual designers' labels, are such a direct result of the ingenuity, beauty and creative genius of individuals who were in their lifetime artists and social revolutionaries.
