Indian sari remains the traditional clothing of Indian women. Worn in varied styles, it is a long piece of flat cotton, silk or other fabric worn in different textures with different patterns. The sari has a beautiful charm since it is not cut or tailored for a particular size. This gender-neutral attire can also be worn in various ways and the manner of wearing it as well as its colour and texture are indication of the status, age, occupation, region and religion of a woman.

# UNI VERS

Fashion plays an increasingly important role in an individual's life because it is considered as a means of self-expression. The garments and accessories women wear help them to identify with a group of others—whether it is a lifestyle, profession, a religion, or an attitude. Thus, the term fashion has become synonymous with the overall growth of the country as well.

To some it is an art form, to others it is like a part of their culture and religion. Fashion can be used to serve as an extension of one's own personality or to disguise one's own true self.
