"Fashion is only the attempt to realise art in living forms and social intercourse."

If your gaze, the world sees endless beauty. In your smile, the world sees a beacon of immense beauty. In your posture, the world sees a woman with immeasurable pride. You're not just a woman. In your attire, you are a beauty from another realm. In your smile, there is divinity.

As they approach, they are blinded by her splendour. They discover she is beyond material objects like pearls. She is immaculate.

Many wonder: you mirror endless horizons of purity and grace. In a world tainted and corrupted, you are the epitome of all that is still left pristine. Splendour and often flow from you and console everyone around you. Maybe it's your magic. Maybe it's the magic of your garments.

FASHION

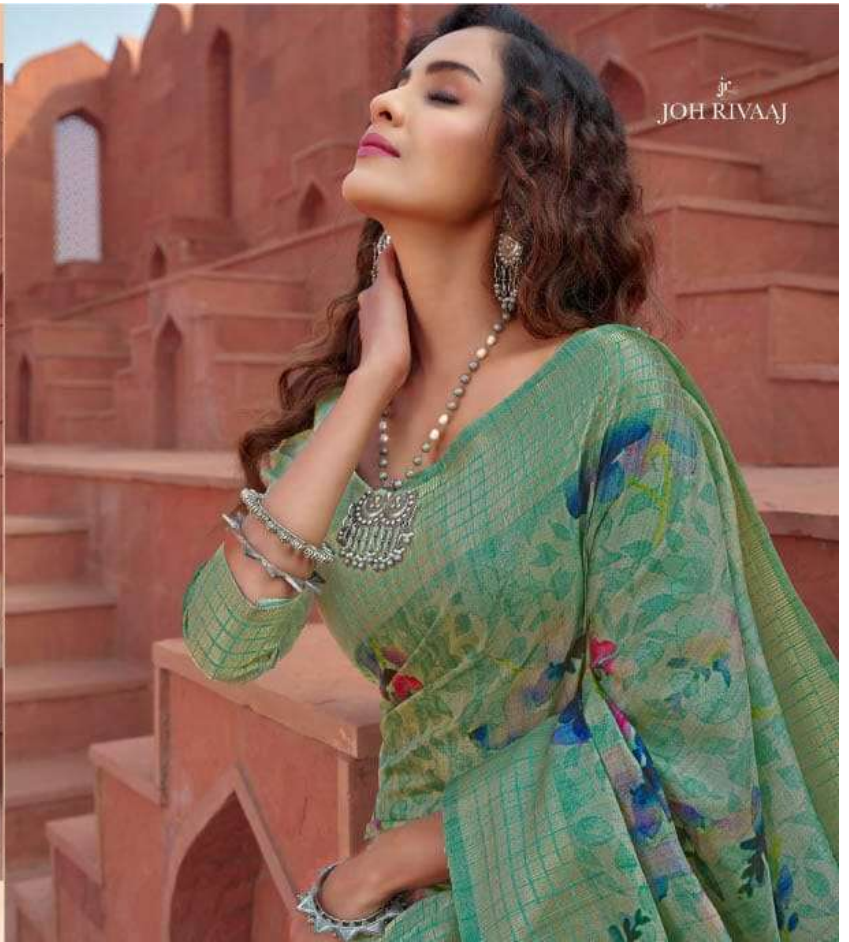

Fashion is a language that creates
itself in clothes to interpret reality

There is still smiling the moment in time as you
sail on. On instant stories, in a new land, you bring a
whole new horizon of beauty. Many fall in love with
you instantly, your girl, your dream, your beauty is
unmatched. And as you sail into town, your dupatta
flying behind you, you know you've captured in
numerable hours and days.
