*Life is a style
Love is a fashion*

Fashion is not something that exists in dresses only.

*Fashion is in the sky, in the street, fashion has to do with ideas,
the way we live, what is happening.*

Modern with classy touch
Queenly Attire

Fashion should be stylish & fun I still appreciate individuality style is much more interesting than fashion really.

Fashion is what you adopt when you don't know who you are. Fashion is almost like a religion, for me atleast. I base most of my fashion taste on what doesn't item.
