

SIDE EFFECTS

from pollution, from the quilted gray air hanging over L.A. to the alarming rise in asthma, it can be seriously unpleasant. Now the science shows that pollution is also aging one's skin. "It's in minuscule particles and liquids so tiny that they lodge in pores and destroy skin's natural oils," says a New York dermatologist. "It creates free radicals and leads to collagen breakdown and irritation." These toxins also cause skin treatment products from penetrating. To Hampstead, is immune. According to 80 percent of the world's population, the World Health Organization estimates that exceeds the guidelines for "safe" levels of "fine dust," or PM2.5, "spots," or "ogist."

cancers. That's why it's important to cleanse in a way that matters from your pores. "If you don't wash your face, you're not allowing skin's natural repair mechanisms to work," says a facialist to radiant A-listers like up to puffier eyes, darker circles, and an increasing number of options, from microdermabrasion to sonic cleansing brushes, that get even the tiniest pores receptive to antiaging serums. Choose wisely. Among the latest innovations are a makeup remover and toner in one that help to grab on to debris and dirt. D.C., dermatologist. The cleanser is dry skin and wiped off with a damp cloth. La Roche-Posay Physiologic Micellar Solution (\$21) or CeraVe Micellar Lotion Cleanser (\$20). CeraVe cleansers, with a rich texture that helps to soothe dry or aging skin, have a large cult following. "They are particularly good for dry or aging skin," says Amanda Lacey, an in-demand London facialist. "Warm a bean-size bit of balm in your hands, massage it in, and then remove it with a damp cloth for gentle exfoliation." The balm squad is

from pollution, from the quilted gray air hanging over L.A. to the alarming rise in asthma, it can be seriously unpleasant. Now the science shows that pollution is also aging one's skin. In minuscule particles so tiny that they lodge in pores, they destroy skin's natural oils, says a New York dermatologist. Pollution also creates free radicals and leads to collagen breakdown and irritation. "These toxins also cause inflammation," says Dr. Dennis P. Gram, a dermatologist in Hampstead, N.J. "Up to 80 percent of the world's population lives in areas where air pollution exceeds World Health Organization guidelines."
